Hi Bud,

Yes- we heard from ANAB and their review is complete and our request to add PAH in sediments has been approved. We are expecting to receive the updated scope from ANAB mid- next week. Once we receive the scope, we will forward it to Maine.

Liz

The technical review for a scope expansion to add EPA 8270 SIM in Solids and Chemical materials is complete. Your request for a scope expansion is approved. Your scope is in process of formatting. Dominique will be in touch with you sometime next week to review and approve the scope.

Please feel free to contact me with any questions you may have

Thank you,
