Subject: DEP & ACOR Permits

Dear Richard,

Thank you for contacting Senator Collins to express your concerns regarding costs related to disposal of waste from dredging in Rockland the harbor. I appreciate your taking the time to further explain your concerns with me over the phone.

I have also spoken with the Harbor Master, Matthew Ripley and have copied him on this reply. Mr. Ripley explained that he is currently reviewing several permitting and dumping avenues and believes that it might be best to wait until more information is received before involving this office. If the Harbor Management Commission determines that Senator Collins' help is needed at a later date I would be happy to work with the Commission regarding its requests. If it does come to that point, it would be required for the city management and Commission members to send a formal letter to Senator Collins indicating its specific request.

In the meantime, Mr. Ripley indicated that he would appreciate Senator Collins' support with the City's EDA grant application. He will send me the details of the grant application that I will forward to Senator Collins Washington office for support.

I hope that this information is helpful to you. Please do not hesitate to contact me if I can be of any further assistance.

Sincerely,

Michelle P. Michaud/Staff Assistant

Office of Susan M. Collins, United States Senator

68 Sewall Street, Rm. 507/Augusta, ME 04330-6350

Phone: (207) 622-8414 / Fax: (207) 622-5884
