Subject: FOAA Maine AquaVentus project ACF files Feb 24-March 27 2017

All,

This new FOAA only asks for records from Feb 24, 2017 to March 27, 2017 and does not include anything that we've already sent him as part of the previous 2 FOAAs and followup inquiry, only new docs. (I asked him specifically to confirm such.)

Please forward this to any other staff who may possess responsive docs that I have not already included on this email.

Please place all responsive docs in the file located at the hyperlink below, be sure to track all staff time spent on this request and get your total to me once finished so I can bill them appropriately.

Dear Ms Ayotte

Attached as a pdf file is our FOAA request to you and other relevant departmental staff for "Public records in your files dated from February 24, 2017 to March 27, 2017 that pertain to the Maine AquaVentus project to build and operate floating windturbines in state waters off Monhegan Island.

Please contact me if you have any questions.

Thanks!

Ron
