Dear Ms Ayotte

Please treat this letter as a request pursuant to 1 M.R.S.A. 408, the Maine Freedom of Access statute, to inspect and to copy as necessary the following records:

Public records in your and other relevant department persons' files dated from February 24, 2017 to March 27, 2017 that pertain to the Maine AquaVentus 1 project to build and operate floating windturbines in state waters off Monhegan Island.

These include relevant paper or digital records of letters, emails and texts, meeting notes, and/or other paper or digital public records generated or received by you, relating to the Maine AquaVentus 1 project, within that timeframe.

Please contact me to set an appointment to review these records. We look forward to receiving the Department's response within five (5) working days of your receipt of this letter, as required by 1 M.R.S.A. 409 (1). If you choose to deny permission to so inspect or copy any of the requested records, please include the reason for the denial, including the appropriate legal citation(s).

If you require additional information to locate any of the documents requested, call me at 207-593-2744 or by email: coastwatch@gmail.com

Sincerely
