Hi Bob,

Sorry for the delay in responding. While there do not appear to be direct impacts to the TWWH, we recommend further minimization, especially given that there appears to be a public launch 0.6 miles away.

Hello,

Attached is a NRPA application for a recreational pier project in Lincolnville and the corresponding review request form. Several people have submitted comments on this project. Those comments deal mostly with the length of the fixed structure and the fact that this area of Lincolnville does not have many residential pier systems.

Bob.
