## **Subject: Maine Freedom of Access Act request**

Dear Mr. Martin

This letter is a request pursuant to 1 M.R.S.A. 408-A, the Maine Freedom of Access statute, for the following public records: All letters and emails and their attachments sent or received by Robert L. Green, DEP Bureau of Land Resources, **from January 18, 2022 through February 11, 2022, pertaining to the Ward Pier application in Lincolnville Maine.** The application is formally: DEP Project #L-29402-4P-A-N, Lincolnville.

Please send these records as pdfs (searchable text format when possible) to [coastwatch@gmail.com](mailto:coastwatch@gmail.com).

We expect these public records should be available within the 2 hour time limit for free production of the records. If it takes longer, a waiver is requested. Penobscot Bay Watch is all-volunteer, and has been since 1995. All information acquired via the FOAA process is shared with governments, businesses, the public and the media *without charge, and without limitation*. Its free distribution contributes significantly to the people's better understanding of Maine DEP's current review process for coastal development applications.

Penobscot Bay Watch looks forward to your acknowledgment of receipt of this FOAA request, and its speedy fulfillment. If you need additional information to locate any of the records requested, please call me at 691-4634 or email me at [coastwatch@gmail.com](mailto:coastwatch@gmail.com) .

Sincerely

**Ron Huber**  
Penobscot Bay Watch
