RE: GAC VRAP and Tier status

Dear Mr. Hodgkins:

On behalf of the Searsport Board of Selectmen and the Town of Searsport, I would like to formally request that the Town be afforded "Tier 3" status in regards to its involvement and public participation regarding GAC's Voluntary Remediation Action Program at Kidder Point.

The Town and its citizens are best served when as much accurate information and opportunity for participation and conversation occur. With that in mind, because Tier 3 status affords our people the most status in that regard, the Board and I believe it is in the public's best interest to make this request.

Please respond to the above address when a decision is made and feel free to contact me with any questions.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Aaron Fethke".
