10 to 1030. is the plan. I need to task GAC to contact authorities. I am going to recommend police and fire. Even though it is uneventful it is best that they are made aware!

Dear Brett,

I got both scanned documents. What local entities have been notified (fire, police, other)? There's not a place on the form but I usually make a note. I plan to be onsite for the treatment – you mentioned about 10 or 10:30? My cell is 592-3189 so you can let me know if there is a change in plans.

Thank you,

Pam

Pam,

Attached is two forms. Both is the same. Only one has the facility rep signature on it. The scan she made back to me you can't read the information on very well but you can see the signature. The other one that i sent her you can actually read the info that you need.

If you need anything else please feel free to contact me.

Thank you,
