---

Applied Technology and Management (ATM) is accepting public comments to an Environmental Assessment report completed for the proposed expansion of the SH Rockland marina facility located on the Rockland Harbor at 60 Ocean Street, Rockland, ME. The Environmental Assessment report may be requested in either digital or hardcopy format via email to Michael Kenny (ATM) at [michael.kenny@appliedtm.com](mailto:michael.kenny@appliedtm.com) or via phone at (843) 414-1040. A physical copy of the report will be available to the public at ATM's office at 941 Houston Northcutt Boulevard, Suite 201, Mount Pleasant, SC from 9:00 a.m. to 5:00 p.m. (E.T.).

All comments shall be in the form of written statements provided to Michael Kenny (ATM) via email at [michael.kenny@appliedtm.com](mailto:michael.kenny@appliedtm.com) or via post to the address below **on or before Friday, October 21<sup>st</sup>, 2022:**

*Applied Technology and Management  
Attn: Michael Kenny  
P.O. Box 20336  
Charleston, SC 29413-0336*

#### **Project Overview**

The project is an expansion of the existing Safe Harbor Rockland marina to provide additional and improved docking capacity and infrastructure. Key components of the project include dredging, installation of new floating docks and associated utilities, installation of a new fixed gangway access platform and ADA compliant gangway, improvements to an existing upland gazebo, and landward extension of an existing fixed pier.
