

ATTACHMENT 13

COMPENSATION

The direct impact associated with this project in the amount of 235 sf is solely attributed to piles. This amount is small compared to the previously approved impact of 1,084 sf (1,068 sf approved and constructed in 2000, 16 sf approved and constructed in 2010). Although it is yet to be determined by DEP, compensation was not required for these previous direct impacts and it is requested that none be required now.
