MAINE PUBLIC UTILITIES COMMISSION
Long-Term Contracting for Offshore Wind
Energy and Tidal Energy Projects

IECG REQUEST FOR ONE DAY
EXTENSION TO FILE REPLY COMMENTS

Now comes the Industrial Energy Consumer Group (IECG) by and through its attorneys and requests a one business day extension, until Monday, August 16, 2010 to file reply comments in the above-captioned matter. In support of this motion, IECG recites as follows.

On June 20, 2010, the Commission issued its Request for Comments in this matter, in which it established the deadline for filing comment at June 6, 2010, and the deadline for filing reply comments of June 13, 2010. Due to a state shutdown day, however, the deadline for filing initial comments was effectively extended until June 9, 2010. IECG requests an equivalent extension to file reply comments. We are authorized to represent that the Office of the Public Advocate and Eastport Tidal Power do not object to this request. We have not contacted other commenters.

Respectfully submitted this 12th day of August, 2010.
