Re: To be Transferred back to Maine.

I am an interstate compact from the state of Maine. I have ongoing state and federal appeals pending. I am being denied my (Federal and Civil) rights under the Constitution. I'm denied access to my ongoing legal work.

I have wrote the Interstate compact officer in Maine (the state I came from) but I am being ignored for whatever reason. I have wrote to Wayne Theriault, Interstate Compact officer in Maine, with no answer. I am requesting to be shipped back to Maine to file my ongoing appeals. Also so I may not have my civil rights violated any longer. You people are trying to kill me in this state.

Under Rule Chapter 33-601-401 Interstate Corrections Compact  
#1. "Failure to adjust" I have been stabbed twice since coming to Florida  
#3. My personal safety in this state has become a factor  
#5. I'm beikng denied my access to my legal work.

I have a contract on my life since I was stabbed in the throat.

Please will you help me? I have had ongoing issues since coming to DOC in Florida. Requesting to be transferred back to the state of Maine for legal issues and safety.  
I will file to the federal court if needed and file legal action if needed.
